EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the Specification, line 1: --The present application is a divisional of U.S. patent application entitled "SUBCUTANEOUS ONLY IMPLANTABLE CARDIOVERTER-DEFIBRILLATOR AND OPTIONAL PACER," having Serial No. 09/663,607, filed September 18, 2000, now U.S. Patent No. 6,721,597.-- has been inserted.

Examiner's Comment

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Sanchez-Zambrano and Trabucco (Fig. 13) each show pacemakers having a housing with a curved surface. However, Sanchez-Zambrano and Trabucco do not show cardioversion-defibrillation circuitry in the housing nor do they shows first and second electrodes that are on opposite and facing surfaces of the housing having a curved surface along the longitudinal axis or being curved along the longitudinal axis. Leysieffer shows a device having a curved surface along the longitudinal axis (Fig. 5), but only teaches that this is useful for placement adjacent the skull bones. Leyseiffer does not show cardioversion-defibrillation circuitry in the housing or first and second electrodes that are on opposite and facing surfaces of the curved housing.

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kristen Droesch Mullen whose telephone number is (571) 272-4944. The examiner can normally be reached on M-F, 10:30 am-6:30 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Carl Layno can be reached on (571) 272-4949. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
